

CATALOG

of standards for cryptographic and technical information protection, cybersecurity, and countering technical intelligence
(part I)

(Catalog of STD as of 01/09/2026)

Designation and name STD	Code STD according to CSD 001 and NC 004 (ICS)	Designation of the STD that has been superseded (withdrawal) or is being superseded	Validity	Date of last check	Amendments/Corrigendums to STD	Number of pages of the STD	Details of orders on the adoption (resumption of action) of the STD and changes/amendments to it	Details of the order to withdrawal the STD
General provisions on standardization in the field of information protection								
STD-900-001-2026-V Requirements for the structure, presentation, formatting, designation, and content of standards for cryptographic and technical information protection, cybersecurity, and countering technical intelligences	NC 004 (ICS): 01.120; 35.030	Superseded by STD-01-001-2026-B	Withdrawal from 27/07/2026	-	-	69	Adopted by order of the State Scientific and Research Institute of Cybersecurity Technologies and Information Protection dated 03/23/2026 No. 33	Withdrawal by order of the and Research Institute of Cybersecurity Technologies and Information Protection dated 07/27/2026 No. 99

Designation and name STD	Code STD according to CSD 001 and NC 004 (ICS)	Designation of the STD that has been superseded (withdrawal) or is being superseded	Validity	Date of last check	Amendments/Corrigendums to STD	Number of pages of the STD	Details of orders on the adoption (resumption of action) of the STD and changes/amendments to it	Details of the order to withdrawal the STD
STD-01-001-2026-V Requirements for the structure, presentation, formatting, designation, and content of standards on cryptographic and technical information protection, cybersecurity, and countering technical intelligences	CSD 001: 01.03; NC 004 (ICS): 01.120; 35.030	Supersedes STD-900-001-2026-B	Valid from 27.07.2026	-	-	67	Adopted by order of the State Scientific and Research Institute of Cybersecurity Technologies and Information Protection dated 27/07/2026 No. 99	-
Standards covering several scopes								
STD-02.03-001-2026-V Information protection. Means of cryptographic and technical protection of information.	CSD 001: 02.05, 03.05, 06; NC 004 (ICS): 35.030	-	Valid from 13.08.2026	-	-	31	Adopted by order of the State Scientific and Research Institute of Cybersecurity Technologies and Information	-

Designation and name STD	Code STD according to CSD 001 and NC 004 (ICS)	Designation of the STD that has been superseded (withdrawal) or is being superseded	Validity	Date of last check	Amendments/Corrigendums to STD	Number of pages of the STD	Details of orders on the adoption (resumption of action) of the STD and changes/amendments to it	Details of the order to withdrawal the STD
Procedure for expert research							Protection dated 13/08/2026 No. 107	

Notes:

1. STD – Standard for cryptographic and technical information protection, cybersecurity, and countering technical intelligences.
2. CSD 001:2016 Classifier of standards for cryptographic and technical information protection, cybersecurity, countering technical intelligences.
3. NC 004:2020 Ukrainian Classifier of Normative Documents harmonised with the International Classification for Standards (ICS), 2015.
4. The Catalog of STD (part II with limited access) is distributed by the standardisation body for cryptographic and technical information protection, cybersecurity, countering technical intelligence at the request of an interested party, taking into account the requirements of the Model Instructions on the procedure for keeping records, storing, using, and destroying documents and other tangible media containing official information, approved by the Resolution of the Cabinet of Ministers of Ukraine dated November 19, 2016 No. 736, and the Procedure for organizing and ensuring the secrecy regime in state bodies, local government bodies, enterprises, institutions, and organizations, approved by the Resolution of the Cabinet of Ministers of Ukraine dated December 18, 2013 No. 939.
